Back to the basics:

a genealogy search engine: <http://www.mocavo.com/>

type google tips into google search and you get tips for searching

forms: <http://www.mymcpl.org/genealogy/family-history-forms>

Additional items since posting on TNGS site:

Google has dropped the "+" on searches that would REQUIRE that word to be in the returned results. Now you have to use double quotes around that single item, and ALL items that you want to make sure don't get dropped from the search.
