This list, with clickable links, can be found under the Let's Discuss It section on the <http://www.tngs.org> web site.

Please share your research trips, questions, and accomplishments since our last meeting.

Remember, PZ won't be here for the March Let's Discuss It. In his place we'll have Janice Ingram discuss Photoshop Elements and the ways you can repair old digitized photos and documents.

Announcement: PZ and I have decided it's time for some fresh blood in the Let's Discuss It leader pool. I'll continue my part of Let's Discuss It through the current season (June 2017). PZ will continue his section through December 2017. As we don't meet in July and August, we're looking for someone to take over for me in September and for PZ in January. Please let us know if you're interested.
