

What's New in FTM 2019?

About the New Edition

It's been thirty years since Family Tree Maker was born and it's only fitting that we introduce a new edition this year that takes this grand old brand to places its original creators could only have dreamed of. Where every change you make to your tree on your Mac or PC can be instantly and automatically viewed from your smart phone or tablet. Where you can turn back time to erase mistakes you made even a thousand changes ago. Where you can arrange for your tree to be passed on to a relative of your choice along with your Family Tree Maker license to ensure your legacy lives on. That's just a small part of the new world of Family Tree Maker you'll be seeing this summer.

Here's a sneak preview of features that will be included in the upcoming release of FTM 2019. There will be more information to come as we get closer to release.

Fire up the Time Machine!

In FTM 2019, you can now turn back time! FTM 2019 keeps track of every one of the last thousand changes you've made to your tree, allows you to review them and even roll back those changes if you need to correct a mistake.

For example, maybe you realize that you made some changes three days ago, but your last full backup is three weeks old and you don't want to re-do all of your hard work. You can roll back to just before the mistake was made with a single click, then use the comprehensive change log to restore the work you've made since then. No need to worry - problem solved!

The screenshot displays the Family Tree Maker 2019 software interface. The top menu bar includes 'File', 'Edit', 'View', 'Tools', and 'Help'. Below the menu bar, there are navigation buttons for 'New Tree' and 'Current Tree', and a 'Log Out' button. The main window is divided into two panes. The left pane, titled 'About This Family Tree', shows details for the 'Home person' and 'Current person', both identified as John F Kennedy (1917 - 1963). It also displays statistics: 209 People, 75 Marriages, and a File size of 3,558 KB. The right pane, titled 'Change Log', shows a list of changes with columns for 'Record' and 'Change Date'. The changes listed are:

Record	Change Date
▼ John Fitzgerald Kennedy	5/10/2019 2:09 PM
Add FamilySearch ID Fact	5/10/2019 2:04 PM
Web Merge	5/10/2019 2:04 PM
Web Merge	5/10/2019 2:08 PM
Web Merge	5/10/2019 2:09 PM

At the bottom of the Change Log pane, there are two buttons: 'Reveal Record' and 'Roll Back Changes'.

FamilySearch Integration 2.0

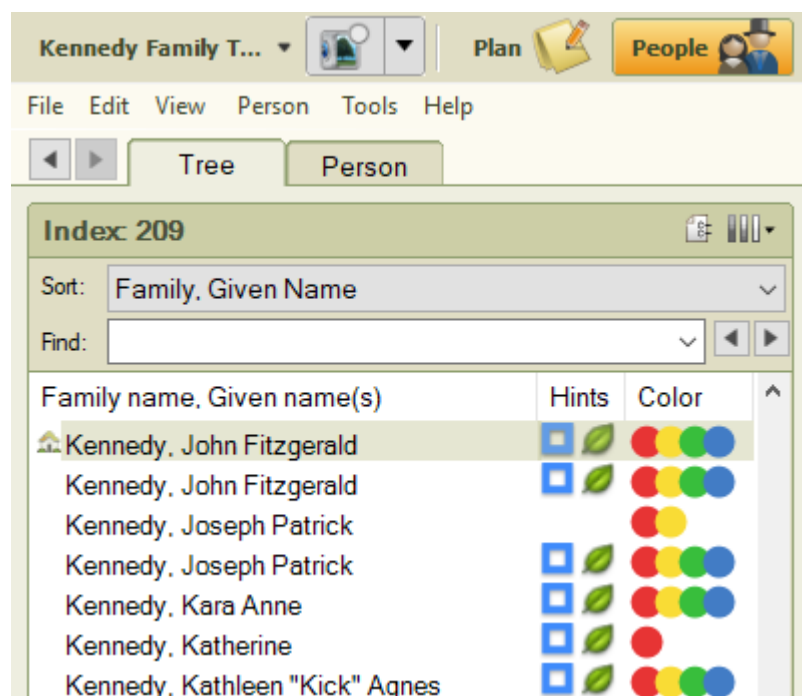

Our first FamilySearch integration in FTM 2017 only provided family tree hints. In FTM 2019 you will now have access to historical record hints - just match a person in your FTM tree to a person in a Family Search family tree and historical record hints start to appear. You can also now download a branch from the FamilySearch Family Tree - an excellent way to use FamilySearch to bring your family tree into Family Tree Maker to research and grow it further.

▼ Record Hints

 Jacqueline Lee Or Jackie Bouvier Kennedy Onassis United States, GenealogyBank Obituaries, 1980-2014	Other: 20 May 1994, Colorado, United States Birth: 28 Jul 1929, Southampton, , New York Death: 20 May 1994, , , New York	Father: Black Jack Or John Vernous Bouvier Mother: Janet Lee Bouvier Father: Hugh D Auchincloss Child: Caroline Kennedy Schlossberg Child: John F Kennedy Jr Spouse: Patrick Bouvier Kennedy John F Kennedy	Review and Attach Not a Match
 Jacqueline Kennedy Onassis (Former First Lady) United States, GenealogyBank Obituaries, 1980-2014	Other: 20 May 1994, Washington, United States Birth: 28 Jul 1929, Southampton, , New York Death: 19 May 1994	Father: John Vernous Bouvier 3rd Mother: Janet Lee Bouvier Father: Hugh Auchincloss Child: Caroline Kennedy Child: John F Kennedy Jr Spouse: President John F Kennedy	Review and Attach Not a Match

Hints in the Index

Most current Family Tree Maker users are quite familiar with Ancestry hints (and FamilySearch hints in FTM 2017), until now found only on Tree views. In FTM 2019, Ancestry and FamilySearch hints appear in the People index too. You can now easily check for hints by looking through the index, be it for one family name or any saved list.

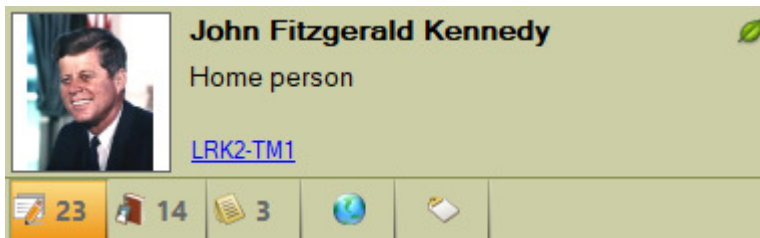

Smart Filters

In FTM 2017 we introduced the ability to save filtered lists, a much-requested feature from those who are actively researching specific family members or lines. Now those lists just got smarter, with filters that can actively gather any new people that meet that filter's criteria that are added to your tree. For example, if your filtered list is for military service, when you add two more service men or women to your tree, they'll be added automatically to that list. In addition, you can edit filter criteria and reuse saved filters to use when you're creating charts and reports.

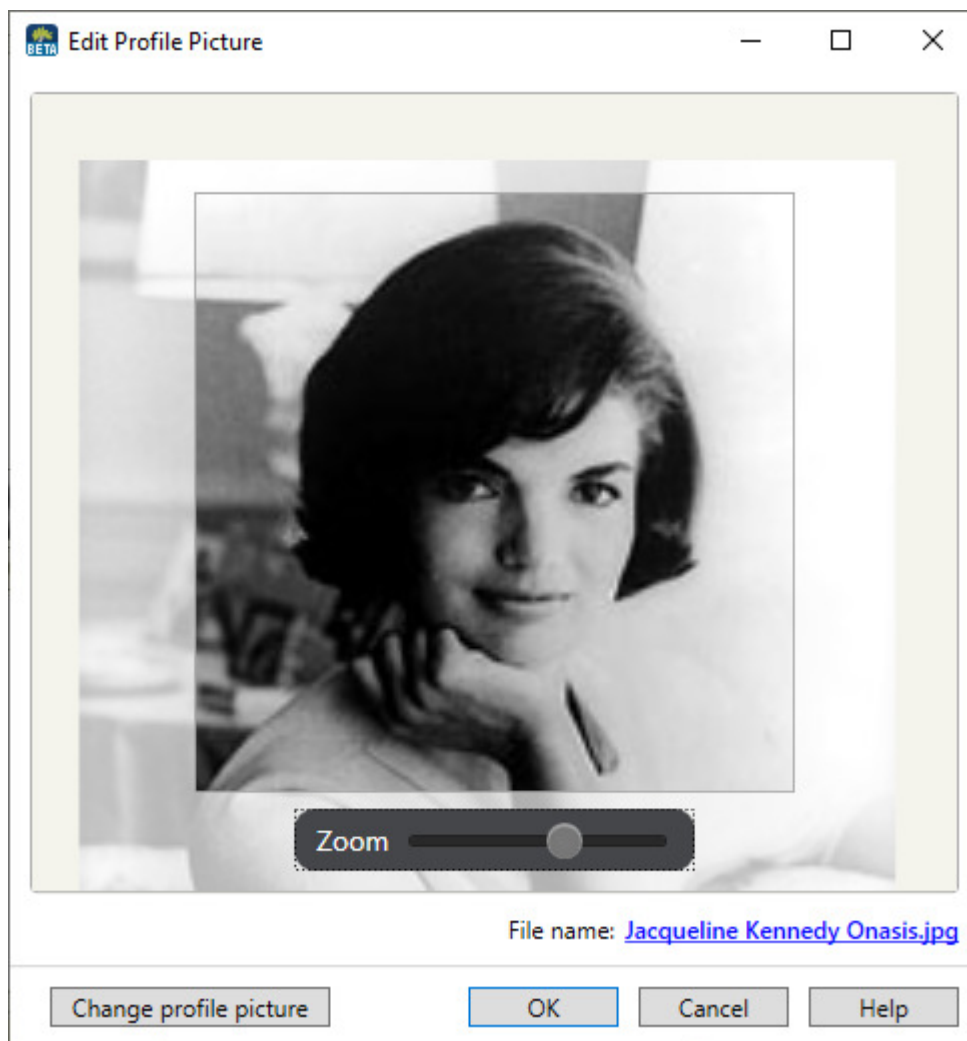

Folder Counters

Stop peeking into folders to see if there's anything in there. Numbers on your folder tabs now show the number of items stored in each one.

Profile Picture Cropping Tool

Clean up the look of your tree with our new profile picture cropping tool. Smart technology detects the person's face and zooms just the right amount, then crops a perfect square so that it fits perfectly on each leaf of your tree, leaving the original photo untouched.

Tree Browser

Get what you're looking for quickly with this new window into your tree files. Wherever your trees may be - on Ancestry, on your hard drive, or up in the cloud - you'll find them all in one place, with an easy-to-use search tool to quickly find the one you're looking for. For each tree you'll have everything you need to know at your fingertips - does that FTM tree have a linked Ancestry tree, and if so, under what name? And if there's no link to an Ancestry tree, simply click Download in the tree browser to get synched up.

The screenshot shows the 'Tree Browser' window with a search for 'Kennedy'. The interface is divided into several sections:

- Left Sidebar:** Contains navigation options: 'Recent', 'All Files', 'FTM Folder', 'Ancestry', and 'TreeVault™'. At the bottom are buttons for 'New Tree...' and 'Browse...'.
- Search Bar:** Contains the text 'Kennedy' and a close button (X).
- Results for "Kennedy":**
 - Sort by:** A dropdown menu set to 'Name'.
 - Sort in ascending order:** An unchecked checkbox.
 - Recent Trees:** A list of trees including 'Kennedy Family Tree - 2019' (10 May, 2019, 14:36), 'PresidentKennedyTree' (02 May, 2019, 14:55), and 'Kennedy Family Tree' (03 May, 2019, 13:26).
 - FTM Folder:** A list of trees including 'Kennedy Family Tree - 2019' (10 May, 2019, 14:36), 'PresidentKennedyTree(1)' (17 Jan, 2018, 21:15), 'PresidentKennedyTree' (02 May, 2019, 14:55), and 'Kennedy Family Tree' (03 May, 2019, 13:26).
- Main Content Area:**
 - Kennedy Family Tree - 2019:** Features a profile picture of John Fitzgerald Kennedy, a 'Modified' timestamp of '10 May, 2019, 14:36', and statistics for 'People' (209) and 'Media Files' (46).
 - Home person:** A button labeled 'John Fitzgerald Kennedy'.
 - Ancestry:** A button labeled 'Ancestry Linked'.
 - File Path:** A button showing the file location: 'C:\Users\Expo2\Documents\Family Tree Maker\Kennedy Family Tree - 2019.ftm'.
 - Actions:** Buttons for 'Delete Tree', 'Open Tree Location', and 'Open'.

Rich Color Coding

One of the most frequent requests from genealogists using FTM 2017's new color coding was for "rich" color coding - not just coding the home person's ancestors but each ancestor's descendants as well. With FTM 2019, rich color coding is just one click away.

TreeVault Cloud Services

Brand new optional services - all for \$1.99 per month (or \$19.95 a year). It starts with a private, secure antenna tree that's automatically updated in realtime with each change you make to your tree using FTM 2019 on your Mac or PC.

- **Emergency Tree** restore puts your antenna tree copy back on your computer, handy if your hard drive crashes or some other catastrophe strikes.
- **FTM Connect** is a FREE mobile app that displays your latest FTM tree anywhere, at any time, on an iPhone or iPad (coming soon for Android) even when your computer is off. Handy for sharing your tree with relatives or for using your iPad as a second monitor with your continuously updated tree.
- **Historical Weather** puts color in your family story with more than a billion historical weather records. With insights into the past, you can enrich your family history stories, adding detail to descriptions of events to get a feel for what life was like for your ancestors. For example:
 - Before: James Smith was born on March 4, 1923.
 - After: There was a cold driving rain on that windy morning of March 4, 1923, when John Smith was born.
- **Next of Kin Service** - As a TreeVault subscriber you may designate a successor to your TreeVault account. You will get a certificate that may be included with a will, providing instructions and pass-codes for taking over your account along with your Family Tree Maker license and access to free updates.

Questions? Ready to Pre-Order?

This is just a part of what's coming later this summer to celebrate Family Tree Maker's 30th Anniversary. [Click here](#) for answers to Frequently Asked Questions (FAQ) about FTM 2019.

To pre-order now, start by signing up for our mailing list on www.familytreemaker.com or by [clicking this link](#). You'll get an email back shortly after with the best offer currently available.
