Spring 1977

Dear Members,

With great pleasure, I welcome you to another year of searching for our ancestors together. We are planning lots of new material and ideas, won't you let us know what areas you are interested in the most. It helps us to help you better, as Tennessee has 94 counties and we would like to give you the material you want.

A note of explanation about queries -- as a member you are entitled to one query a year - two if we have the space. Please do not send in pages of queries, give everyone a chance. We do not print queries for a fee, they are for members only.

The Post Office is being difficult about forwarding your copy of "Ansearchin'" News. If you have moved, be sure you send us a change of address in plenty of time so we may forward your issue correctly.

We have moved our Headquarters and Library to a new address - so, if you plan a visit to us, be sure and check the telephone book. We are open Thursdays 11 a.m. to 3 p.m. Look forward to seeing you.

Happy Hunting

## OVER THE EDITOR'S DESK

We begin "Ansearchin'" News' 23rd year of publication with this quarter at a time when interest in genealogy is at an all-time high. We propose to respond to that interest by continuing to publish as much good Tennessee material as we possibly can. We will continue publishing census records, wills, marriages, land records, cemeteries and Bibles (before the Civil War, please) and any other records we can find that is valuable to the Tennessee researcher.

This issue contains a quantity of county records transcribed from microfilm of the original handwriting. While we have taken great care to be as accurate as possible in deciphering the names and information, it is possible that our unfamiliarity with the name, together with the writers' unfamiliarity with the pen, can result in a few inaccuracies. Therefore, when looking for a name, look for it in every conceivable spelling and misinterpretation. For example, in one will a surname was spelled variously ROBERTSON, ROBISON, ROBERSON; a marriage bond showed a groom's name KOONCE and COONCE; and a name which is clearly (to us) written IDOLET could be HO(W)LET or AYDELOT, SIDDLE could be LIDDEL, etc. While there is no substitute for reading the original record oneself, we offer you our best efforts.

We appreciate all your letters. Of course, we like the ones in which you tell us what you like about "Ansearchin'" News, but we are equally happy to hear what you would like to see in "Ansearchin'" News. Let us know what counties interest you; we'll give priority to those most often requested.

## BOOK REVIEWS

*Reviewed by Herman L. Bogan*

JOHN FINLEY AND HIS DESCENDANTS by Jessye Ann High. 1976. Hard backs. Over 190 pages. Indexed. Order from: Mrs. Joe High, 172 South Mary Ave., Sunnyvale, CA 94086. \$22.50 pp.

This is a genealogy of a pioneer family that originated in the Carolinas in the person of John Finley and Mary \_\_\_\_\_. Mary was born in VA. Both John and Mary were born about 1760. The family moved to the 96th District, Pendleton Section of SC in 1790. John then took his family to Roan County, TN about 1802 where he stayed four years and then moved to Jessamine County, KY. After a short stay there he moved to what became Greene County, ILL where he prospered until his death in 1840. He left nine descendants and one adopted daughter, a foundling, who was left on his doorstep. This family has many descendants in Greene County and over the United States where they have spread since 1840. He had sons: Thomas, James, Howard, Moses, William and daughters: Elizabeth, Mary, Prudence, Rebecca and adopted daughter Mourning.

LUCY JANE WYLDER, KITH AND KIN by Jessye Ann High. 1976. Hard backs. Over 221 pages. Indexed. Order from: Mrs. Joe High, 172 South Mary Ave., Sunnyvale, CA 94086. \$25.00 pp.

This is a family history of Moses J. Wilder. (For information concerning "Wilders in America" see the book "Wilder and Connecting Families In The Southeastern States" by Wm. Murtha Wilder of Albany, GA). After 1833 some of the Wilders, upon moving to Green Co., ILL changed the spelling to Wylder. Wiley and Francis Marion are two who did. Some members of the family never did, some changed and changed back. Edward and his wife, Ann, both born about 1629, were the first Wilders to settle in VA. Francis, Henry and Michael were their known children. Francis whose wife is not known had children: Samuel, Jeremiah, Michael and three daughters, whose names are not known, lived and died in Norfolk Co., VA. Samuel and wife (name not known) had children: John, Samuel and William. He was born in Norfolk Co., VA which later was in North Carolina. William Wilder and wife (whose name is not known) had children: William, Samuel, Moses, Mathew and Joseph. Moses was born ca 1761 in Johnstone Co., NC (married four times) lived in Halifax District, NC. He moved to Smith Co., TN ca 1818 and in 1830 went to Greene Co., ILL and returned to DeKalb Co., TN in 1831 where he died in Dec. 1839. He was the father of sixteen children by four marriages.

NEELY NARRATIVE by Grace P. Renshaw. 1976. Soft covers. Over 137 pages. Indexed. Order from: Grace P. Renshaw, 4263 Airways Rd., Memphis, TN 38116 or A. N. Renshaw, Route 2 Box 256, Selmer, TN 38375. \$7.50.

This is a wonderful little genealogy of the Neely Family, descendants of James Neely and Jane Grimes. The story is centered in that part of TN known as the Western or Jackson Purchase. James was the son of one of the three brothers, Robert, William and John, who settled in Ulster and Orange Counties of NY sometime before 1740. James married Jane Grimes in Christ Church, 23 of May 1740. They moved to Augusta County, VA in the Shennandoah Valley finally to North Carolina. In turn their descendants migrated west, as did many other people of this time in our country's history. While in VA, these early people and their descendants, who migrated to KY, TN, etc, showed a religious bent that was passed on to the Rev. Thomas Jefferson Neely and his descendants. In fact, the Neelys were filled with continuous theme of the love of the Savior. The story of these people is the story often repeated by a family and their love of God that was taken into the western wilderness as the country was peopled.

HUDSONS OF THE SOUTH IN THE 1790 CENSUS by Malcolm H. Hudson. 1976. Soft covers. Over 70 pages. Not indexed. Order from: Jas. G. Cameron, P. O. Box 586, South San Francisco, CA 94080. \$4.00.

The Hudson Family Association (South) has used a unique approach to the problem of family genealogy. They used the 1790 U. S. Census as a basis and listed the Hudson (Hutson) families state by state and county by county in each state as found in this census. The problem was not so simple because in the War of 1812 the British burned the Capitol and the Census Records. The states of Delaware, Georgia, New Jersey, Virginia and scattered counties throughout some of the other states and territories did not retain copies of their censuses taken in 1790, 1800 and 1810. Tax lists and other records were used to replace these destroyed records. The publication is a good base for starting any Hudson family genealogy.

THE EARLY LESLIES IN YORK COUNTY, SOUTH CAROLINA, Their Migrations To Tennessee, Missouri and Arkansas, Their Ancestry and Descendants by Marion Emerson Murphy, Vice Admiral, U. S. Navy, Retired. 1976. Hard backs. Over 211 pages. Indexed. Order from: M. E. Murphy, 3510 Emerson St., San Diego, CA 92106. \$11.00.

The Leslie's originated in 11th Century Scotland and by way of Northern (Ulster) Ireland they arrived in America. Samuel, John and George born in the 1720's and 30's settled in the Lancaster-York Districts of South Carolina. The author records over 4500 descendants currently from these three brothers in Tennessee, Arkansas and Missouri. From these three states descendants have spread far and wide over the U. S. and even to foreign countries. Excepting the four parent states the highest concentrations of Leslie progeny are in Florida, Texas and California. The author lists over 1500 names in the index by which 'Family Designations' can be traced back to the original three brothers.

ABSTRACTS OF GEORGIA COLONIAL CONVEYANCE BOOK C-1, 1750-1761 by Frances Howell Beckemeyer. 1975. Hard backs. Over 429 pages. Indexed. Order from: The Taylor Foundation, P. O. Box 38176, Capitol Hill Station, Atlanta, GA 30334. \$10.00.

The R. J. Taylor Foundation was chartered for charitable, educational and literary purpose on August 24, 1971 in Fulton County, GA to promote genealogical research and study in the state of GA in conjunction with the Georgia Genealogical Society and the Georgia Department of Archives and History. This volume contains abstracts of the earliest recorded conveyances (transfers of property) of Georgia Colonists. Among the colonial records in the Georgia Department of Archives and History, Atlanta, is a series of eleven unpublished conveyance books which were used, prior to the creation of Georgia's counties by the constitution of 1777, for recording transactions involving transfers of land, primarily between private individuals, throughout the colony. This volume is the first published and is the first volume of these conveyance series, designated "C-1" which was kept during the years 1750-1761.

HENRY SHARP AND HIS WIFE LYDIA MORGAN. Compiled by Elizabeth Cobb Stewart Eastwood and Hellen Sharp Wickliffe. 1975. Hard backs. Over 263 pages. Indexed. Order from: Elizabeth C. Eastwood, 2 Bratenahl Place, Cleveland, OH 44108. \$25.00.

The genealogy concerns the descendants of Henry Sharp and his second wife, Lydia Morgan. Henry was born ca 1737 in Sussex Co., NJ and died ca 1800 in Fayette Co., PA. Lydia has an uncertain history as to birthplace, ancestors and siblings. However, much evidence concerning the ancestry of Henry Sharp is presented and quite a bit of educated speculation about the ancestry of Lydia Morgan. The Sharpes, as other pioneer families, migrated to most of the States of the Union and Canada. An index of over 6000 names is furnished. Very well documented.

1850 FEDERAL CENSUS, STOKES COUNTY, NORTH CAROLINA by Gwen Platt. 1976 Soft covers. Over 101 pages. Indexed. Order from: Gam Publications, P. O. Box 171, 920 South Elm St., Hope, AR 78801. \$12.50.

Stokes County was erected in 1789 from Surry County and in 1849 Forsyth County was erected from the southern portion of Stokes County. The majority of the inhabitants in 1850 were of English, Irish or Scotch ancestry with some German. The predominant religious denominations in 1850 were Baptist, Moravian or Quaker. These people mostly came from Virginia's Albermarle, Louisa and Brunswick Counties and later counties formed from these three. Many of the families had been in the area for two and three generations. There has been no known loss of records from the county. The county seat is Danbury. The 1850 Federal Census was the first taken that included the names, ages, occupation and place of birth of every member of the household.

LOOK BEHIND YOUR MIRROR, Some Descendants of Michael Rugh. Written and compiled by J. C. Rugh and Ramona Cameron Worley. 1958. Soft backs. Over 130 pages. Indexed. Order from: Mrs. Donald L. Worley, 27 Clover Dr., Belleville, IL 62221. \$10.65.

This genealogy was started in 1881 by James C. Rugh and passed to Mrs. Olivia T. Cameron, his niece who in turn passed the information to her granddaughter, Ramona Ann Cameron. The publication tells the genealogy of the family which started John Christian Markle (Marklin) from Alsace, Germany about 1678 and Jemima Weurtz (Wurtzen) of Amsterdam, Holland. They came to America in 1703 and settled at Salem Springs, Berks County, PA. Anna Francina Markle married Michael Rugh. The author follows their descendants through the Rugh, Markle, Truby, Kelly, Bell, McDonald, Toombs, Caenahan, Pershing, Grow and Cameron families of southwest PA. Many pictures and family recipes are included. Interesting viewing and reading.

HERREN AND ALLIED FAMILIES OF GREENE COUNTY, ARKANSAS by Louella Herren. 1972. Soft backs. Over 50 pages. Indexed. Order from: Mrs Donald Herren, 909 Taylor, Tupelo, MISS 38801 or Mrs. Linwood Wells, Route 6 Box 159A, Paragould, AR 72450. \$5.00.

The genealogy is concerned mainly with the Herren and Cleveland families of Greene County, ARK because the author's husband was a descendant of both families. The Herren family came to Greene Co. in 1862 by wagon from Jackson Co., AL. James and Rebecca Higgins Herren settled near the Finch Community. Some of the Higgins family migrated to the county about the same time. James enlisted in Co. H 2nd U. S. Infantry 10-13-64 and was discharged 11-7-65. Many of the descendants of both families live in the County today as well as many other locations over the U. S. They are prominent and able citizens. The Cleveland family came to Greene Co. in the fall of 1869 from near Nashville, TN. Mathew V. and Martha Ann Ellis Cleveland were born and reared in Georgia. After their marriage in Cass Co., GA in 1855 they moved to St. Claire Co., ALA. Mathew entered the Confederate Army in 1861 as a private in the 25th Regt. of ALA Infantry. He was a prisoner of war for over two years and was released 6-14-1865. He moved his family to TN and then to Greene Co., AR. Many of his descendants are prominent and able citizens of that County and others are scattered over the U. S.

## LIBRARY NOTES

By James R. Johnson

Reference Librarian and first assistant, History and Travel Department  
Memphis-Shelby County Library and Information Center

The staff of the History and Travel Department of the Memphis and Shelby County Public Library and Information Center welcomes this opportunity of serving its genealogy patrons through the medium of a column in "Ansearchin'" News. We will endeavor to introduce new materials which are received in the genealogy section, inform the public of new library problems, and familiarize our patrons with some of the materials which might be of assistance to those researching family histories. Although not all of the members of the Tennessee Genealogical Society utilize this Library, we believe that much of the information offered in this column will be helpful to genealogical researchers in general.

Because of the reduction in the Library's materials budget in recent years, the number of new genealogical publications received has been reduced. However, we have purchased a significant number of indices to the Federal censuses. It has been our experience these indices are a valuable aid to both the novice and the experienced genealogist, and the indices increase the usefulness of the microfilmed census records. Fortunately, the Library has received numerous gifts that strengthen the collection and assist genealogists throughout the area.

We are pleased to report that the Third Annual Workshop, conducted in October, was a success. The program included sessions on methodology for the beginning genealogist, library usage, Black genealogy, genealogical correspondence, Revolutionary War records, Georgia, Kentucky and South Carolina genealogical sources. The speakers for the four two two-hour sessions included Mrs. Eleanor Barham, Laurence B. Gardiner, Rev. E. M. Sharp, Benjamin Head, Daniel Yanchisin and James Johnson. The average attendance at these night sessions was fifty-five with a large percentage of the participants being new to the field. At this time plans are being made for next year's workshop which will concentrate on genealogical research in Tennessee. In the meantime, Mr. Yanchisin and myself are conducting mini-workshops for the beginning genealogist in some of the branches of this library system. Ask your branch librarian about scheduling one of these mini-workshops.

In conclusion, I want to draw your attention to a very helpful reference source, The United States Census Compendium, compiled by John "D" Stemmons. This publication of Everton Publishers, Logan, Utah is an attempt to name census documents including all Federal census records and a variety of substitute censuses such as tax lists, petitions, oaths of allegiance, church membership, directories and poll lists. The information is chronologically arranged by colony or state and by county. For example, by using the Compendium one learns that "Ansearchin'" News has published a list of settlers on the Cumberland River in 1780. This is a vital source that can assist those genealogists whose ancestors entered Tennessee before 1820. There are other substitute censuses for Tennessee available from the Tennessee State Library, Arrow Publishing Company and Bryon Sistler as well as Tennessee periodical publications. For Shelby County, the decennial Federal census beginning in 1820 is listed with the name of the publications that have indexed each of these censuses. The recent publication of the Special 1865 Census of Memphis by "Ansearchin'" News is not included in the Compendium, but the editor plans to issue a revised edition of the Compendium that will include recent publications and older census records.

For those of you who use our genealogy collection, we urge you to write the following officials who will decide the fate of our budget:

### CALENDAR CHANGE - OLD STYLE AND NEW STYLE

The important change in the calendar was made in 1752. The Julian Calendar was used throughout Europe during the Middle Ages. By the time the Gregorian Calendar, named after Pope Gregory, XIII, was adopted in 1582. Calendar dates were ahead of actual time by 10 days. The Gregorian Calendar was accepted into usage in Great Britain and her Colonies in 1752. By this time, the time variance was 11 days. The act provided that in 1752, the 2nd day of Sept should be followed by the 14th, 11 days were dropped from the year. The real effect was to make any person born on Sept 2, 1752 seem older by the new calendar than the record of his birth, old style.

Although it is incorrect to change the dates prior to 1752 - to New Style, it was done to such an extent by those living in 1752 that the genealogist has to make allowances for it. It is very necessary in checking birth, marriage and death records, for the researcher to thoroughly understand this calendar change, or he will miss proofs of identity furnished by comparison of birth records with stated age at death.

Another change was made in 1752. That was the date of the beginning of the New Year, which had been designated as March 25th. There was no uniformity in the early centuries and some began the new year on Dec 25th. The only dates for New Year's Day which were used in American Colonial days among the English settlers were March 25th and Jan 1. The latter was the beginning of the legal year, while the former, as we have seen, had more religious significance. The Act of Parliament in 1751 established Jan 1, 1752 as New Year's Day and for all subsequent years.

Some have misunderstood the effects of the change supposing that it caused a difference of three months in people's ages. In some records numbers were used for months and March was then numbered as the 1st month. When the number of the month is given prior to 1752, the genealogist should reckon March as the 1st month and Feb as the 12th. Careful recorders use a double date and when this was done all confusion was eliminated. Always copy the double date when it is given in the records for the single date is an uncertain one. Remember, please, that this confusion of year dates applies only to dates between Jan 1 and March 24, since all other dates belong to the same year regardless of when New Year's Day was celebrated.

## ABSTRACTS OF ILLINOIS BIOGRAPHIES

*Contributed by Elizabeth R. Nichols (Mrs. J. E.)*

In 1887, The Goodspeed Publishing Company of Chicago published their first edition of HISTORY OF GALLATIN, SALINE, HAMILTON, FRANKLIN AND WILLIAMSON COUNTIES (of) ILLINOIS, which contains histories and biographies of the five named counties. In 1976, Unigraphic, Inc., Evansville, IND published a reproduction of the original edition. The abstracted biographies which follow show some connection with Tennessee in the life of the subject. Because these are abstracts and are not complete quotes, the researcher should refer to the original book for complete information. Abbreviations used are as follows:

B. - Born	PTS. - Parents	GRPTS. - Grandparents
D. - Died	SIB. - Siblings	
M. - Married	CHN. - Children

## PETITION OF CITIZENS OF THE DISTRICT SOUTH OF THE RIVERS FRENCH BROAD AND HOLSTON

*Copied from the original in the Archives in Nashville, TN in March 1965 by Agnes Maddux.*

To the general assembly of the state of Tennessee at the session of 1813. The memorial signers citizens of the District South of the rivers French broad and Holston----they are indebted to the state for their lands, and since they have been indebted from the scarcity of spicie in the country and the reduced price of property and the feltered and stagnated situation of the commerce---- prevented their farm procuring so much money---- and further that nearly one half of the land for which owe the state would not sell for the debt---- that the state removing the lands would turn many hundreds of families out of the houses and homes they have had for many years---- many grants were issued by the state of North Carolina for lands in this district which cover nearly one half of the land----.

PETITION OF CITIZENS OF THE DISTRICT SOUTH OF THE RIVERS FRENCHBROAD AND HOLSTON  
BETWEEN THE RIVERS TENNESSEE AND BIG PIGEON

*Copied from the roiginal in the Archives in Nashville, TN in March 1965 by Agnes Maddux.*

On back--South French Broad and Holston - September 22, 1813 - recd and refered to  
----- and sent to senate.

Citizens residing South of Frenchbroad and Holston between the Rivers Tennessee and Big Pigeon asking body as tender parent to extend fostering care to every member. The difficulty and inconvienece to which they have been subjected in common with the rest of fellow citizens of Tennessee by the unjust aggression of a vindictive and asspiring enemy upon lawful commerce --- petitioners who not withstanding their best efforts have been still had the mortification to find themselves incapable of easy money from any of the products of their labors. We now too find ourselves called on by our general government to contribute our primary aid toward carrying on a war for the defence and maintenance of some of our discint rights --- usupation of our ancient and inviterate foe -- a war to the support of which we are bound by every principle that can influence a people --- in our present situation we find it will be utterly impossible for us to contribute our proportion to the general tax and to rain money enough to pay even the interest upon our investments we have not the among us --- and do with truth asure you that our coffers were drained even of their last cent. We could not rain --- Both policy and patriotism furnish a ready answer let the lesser object yield to the greater -- let us unite with all our energy to carry on our war with vigor and not by crippling any part to suffer on sinew of the body policie to be relaxed when the war is over and an honorable peace shall be established your petotioners will then with gratitude exert every faculty to comply with the demands of the state-----

## ABSTRACTS WASHINGTON COUNTY, TENNESSEE - WILL BOOK A 1777-1860

*Abstracted from Microfilm by Bettie B. Davis*

Washington County was settled around 1770, more than a quarter century before Tennessee became a state. At that time, the area was claimed by North Carolina but not recognized as a part of that state until 1777, county. Then in 1784 North Carolina voted to cede all her western lands to the nation, and the trans-montane settlers, including Washington Countians were left without a government. Therefore they organized the State of Franklin. Franklin was shortlived, however, for North Carolina repealed her cession act before a constitutional convention could meet.

In 1790 North Carolina again ceded the Tennessee country to the national government. The area, known as "The Territory of the United States of America South of the River Ohio", was to be governed as a territory under the Northwest Ordinance of 1787 until the population reached 60,000 free inhabitants. A census of 1795 confirmed that number had been reached, and a convention in 1796 adopted a constitution and organized a new state.

All these changes in Tennessee's development are reflected in these abstracted wills of Washington County. We have resisted the temptation to quote entirely the wills of some of these hardy pioneers, the first Tennesseans; their references to "Virginia" currency, debts made uncollectable by law, etc., give a very personal aspect to many of the problems that faced our young nation. No attempt has been made to list all of the items of property -- only those which show relationships, locations, occupations, names of neighbors and slaves. Many of those signing with marks had very intricate and individualistic marks; for brevity, however, we have shown all the marks as (X). Photocopies of these wills may be obtained from the Tennessee State Library & Archives in Nashville. The characters preceding the legator's name (i.e , A-1) refer to Book (A) and page number (1).
